

Industrial Refillable Ink [P200]

Dy-Mark's P200 Ink is used in conjunction with the D90 Industrial Marker for writing on non-absorbent surfaces such as glass, plastics and steel. P200 Light Fast Ink is a lightfast and permanent ink.

DIRECTIONS FOR USE

Application

Open the cap end of the marker. Fix funnel to the one litre ink container. Fill the pen tube, leaving a 20mm gap at the top. Firmly replace the cap. Hold the pen in downward position and press the retractable nib only once to establish ink flow to the tip. This may have to be repeated on a dry or new nib.

TECHNICAL DATA

Size:	1 litre, 20 litre
Finish:	Gloss
Colour:	Black, Red, Blue, Green
Consistency:	Liquid
Suitable Surfaces:	Non-absorbent surfaces such as glass, plastic and steel
